1. Speeds based on download and upload speed range (see table above). The actual speed you will receive is subject to line distance from the exchange, or principal connection point for fibre connections, and line quality. Speeds vary significantly by location. External factors e.g., internet congestion and premises wiring can also significantly affect speed. Fibre is subject to exchange availability.

2. There is no contractual commitment to Clear Business within the first 30 days of service allowing you to evaluate how good our services are. If you choose to leave Clear Business during the trial period you will be required to pay for any equipment and service charges incurred during the period we supplied you, but there would be no penalty for ending the contract early. Excludes Fibre.

3. Speeds based on download and upload speed range (see table above). The actual speed you will receive is subject to time of day, location, premises wiring and Wi-Fi connection.

4. Clear Business operates a fair use policy for its Unlimited Broadband and Fibre packages. You will incur no additional charge or suspension of service as a consequence of exceeding any usage threshold. If Clear Business believe that your use of the Service is adversely affecting the network (or any part of it) or other customers, then Clear Business may moderately regulate your usage.

5. If you terminate your contract with Clear Business and you have taken a router which is not returned within 14 days of termination at your expense, in good condition and suitable packaging, you will be charged £50 plus VAT.

Fluctuation in Broadband line speed is expected to occur within the first 10 days of service whilst your line speed automatically adjusts to the maximum speed it can reliably support. All prices quoted plus VAT charged at the applicable rate. Broadband rental charged monthly in advance and is non-refundable. Fibre and Broadband are excluded from the Clear Business Price BEAT Guarantee.
